Fred Banks

Happy 50th Anniversary to all my classmates. Praying that God continues to keep everyone in His tender loving care.

There are many family and community memories that are fond and cherished by me from Rayville, especially in the section of town where I grew up called "Across the Canal".

One such memory is the Westside Baptist Church. Founder, Mr. Fred Banks and Mrs. Emma Robinson, two loving and caring people. The church's beginnings were very humble, formerly a small store that was reopened as a Sunday School for so many children and adults, teaching the Word of God, something that would be needed as we ventured out into the world.

I remember the many fundraisers held to purchase the church that now continues to stand. The homemade cakes and pies, collecting nickels and dimes, everyone helped.

I remember my mother, who taught the value of hard honest work, something that became a strong part of my life.

After graduating from Southern University and serving in the U S Army for 35 years, my home has been Patterson, New Jersey, with a career as a Mechanical Engineer for Lockheed Martin Aerospace Navigations.

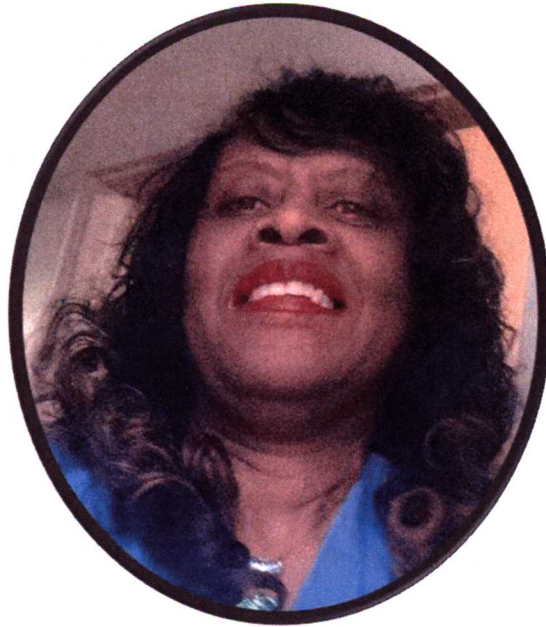

Happy 50th Classmates.

God bless!!
